i.e. interlink express

DPD offers one of the fastest, most reliable delivery services in Europe. With approximately 800 depots spread throughout Europe and beyond, the network handles up to 2 million parcels every day. To satisfy the existing 200,000 DPD customers still further, leading-edge barcode technology, with full international tracking facilities, is available via the Interlink Express website.

DPD will be introducing new services throughout the year. Call 0500 005 005 for more details.

Notes for DPD service

1. When the volume of goods exceeds 4.0 cubic metres per tonne, the company charges are based on whichever is the greatest, volume or weight.
2. The sender is liable for all non-paid duty and VAT by the receiver when delivery has been made. An additional administration charge of £10.00 or 2% of the value, whichever is the greater, will apply. The sender will also be liable for all costs relating to any goods returned due to non-payment of duty and VAT.
3. Some rural areas may be outside the delivery times shown.
4. Delivery times shown exclude the day of collection.
5. Tariff applies to mainland destinations only.
6. Minimum invoice charge may apply.

Parcel service

The charge may be based on either the volumetric or the actual weight, depending on which is the greater.

The volumetric weight of your parcel should be calculated as follows:

$$\frac{\text{length (cm)} \times \text{height (cm)} \times \text{width (cm)}}{\text{divided by } 4,000} \quad \text{e.g.} \quad \frac{60 \times 50 \times 40}{4,000} = \mathbf{30\text{kg}}$$

Maximum weight per item **31.5kg.**

Maximum dimensions per item
175cm length, **300cm** girth.

Items exceeding these dimensions will be sent via our heavyweight service and charged accordingly.

For further information, contact 0500 005 005.

Extended liability is easy to calculate using the simple steps below.

Step 1.

Round up the liability or replacement value of your shipment to the nearest pound, e.g. £139.27 = £140

Step 2.

If the value is more than £700, the premium charged will be 1% of the value, e.g. if the value is £837, divide this figure by 100 = £8.37.

Minimum charge £7.00 up to maximum liability of £15,000.

worldwide service

with International Air Express

To improve your business connections around the globe, our worldwide service, International Air Express, is seamlessly integrated into our UK operation. Using an established air network, we offer next day delivery to most of Europe and have unrivalled worldwide coverage to more than 200 countries around the globe.

Calculate the cost of your shipment

Our tariff has nine convenient zones. European Union countries are Zones 1–4 and the rest of the world is Zones 5–9. To calculate the cost of your consignment, refer to the zone guide and scheduled transit times and follow these simple steps.

European Union Destinations

Find your destination and the appropriate zone and select the weight in the column indicated.

Worldwide Destinations

1. Select document or parcel. Refer to the commodity guide on our website for details.
2. Transfer your destination into the appropriate zone and select the weight in the tariff column.

This service covers single items up to 31.5kg. For shipments over 31.5kg, please call **0500 005 005**

All parcels will be subject to volumetric conversion and the shipment charge will be based on either the volumetric or actual weight, whichever is greater. The volumetric weight of your parcel should be calculated as follows:

$$\frac{\text{length (cm)} \times \text{height (cm)} \times \text{width (cm)}}{\text{divided by } 5,000}$$

e.g. $\frac{70 \times 50 \times 40}{5,000} = 28\text{kg}$

Maximum weight per item **31.5kg**.
Maximum dimensions per item **175cm** length, **300cm** girth.

International girth

300cm maximum girth

length (cm) + 2 x width (cm) + 2 x height (cm)

e.g. $80 + 60 + 60 + 50 + 50 = 300\text{cm}$

Notes

1. All prices are door to door. **2.** All rates are per consignment in UK £ sterling and exclude VAT. Note: VAT is applicable to all EU destinations. **3.** For parcels, price includes transit liability of £100 per consignment. **4.** For documents, price includes transit liability of up to £20 per envelope for loss or damage. **5.** When the volume of goods exceeds 5.0 cubic metres per tonne, the company reserves the right to charge by volume. **6.** Rates quoted include routine Customs clearance for informal entries. For complex Customs procedures requiring formal entries, and/or use of receiving country's deferment account, a charge may be made to the consignee. This will depend on the country, destination and/or commodity. **7. We are unable to deliver to PO Box/BFPO numbers.** **8.** All consignments are carried under the Terms and Conditions of Carriage of Interlink Express Parcels Ltd, a copy of which is available on request. **9.** The sender is liable for all non-paid duty and VAT by the receiver when delivery has been made. An additional administration charge of £10.00 or 2% of the invoice value, whichever is the greater, will apply. The sender will also be liable for all costs relating to any goods returned due to non-payment of duty and VAT. **10.** Minimum invoice charge may apply.

Extended liability is easy to calculate using the simple steps below.

Step 1.

Round up the liability or replacement value of your shipment to the nearest pound, e.g. £139.27 = £140

Step 2.

If the value is more than £700, the premium charged will be 1% of the value, e.g. if the value is £837, divide this figure by 100 = £8.37. Minimum charge £7.00 up to maximum liability of £15,000.

i.e. interlink express

interactive service

It's always been more difficult to deliver to home addresses than business premises. That's why we've developed a unique interactive service that advises your customers when their packages will arrive with a one hour delivery window. If it's not convenient, it gives them the option to reorganise a delivery, ensuring first-time delivery success.

One hour delivery time slot

Our latest innovation is able to ensure the best possible first time delivery success.

As we give a specific one hour delivery window, your customer doesn't need to wait in all day for their parcel, improving your customer's delivery experience:

- **Your customer is given a one hour delivery window**
- **They are notified of this via text or email**
- **If not convenient they can use the text or email to change the delivery date**
- **All correspondence from Interlink Express to your customer can include your brand name**

If you choose to notify your customer via email they can use the email to rearrange delivery. When they do so they will see a web page branded with your logo providing your customer with a seamless online experience.

Notes: Interlink Express Parcels Ltd. – UK Service

1. All rates are exclusive of VAT.
2. When the volume of goods exceeds 6.0 cubic metres per tonne, the Company reserves the right to charge by volume.
3. Rates may be subject to surcharge, which will be advised to customers in advance.
4. All consignments are carried under the Terms and Conditions of Carriage of Interlink Express Parcels Ltd, a copy of which is available on request.
5. An additional £7.50 will be applied to all 3rd party and 3rd-4th party collections.
6. Freight and standard parcels should be consigned separately. If you do ship a multiple piece consignment with a mixture of freight and parcels, the whole consignment will be charged as freight if one item weighs more than 31.5kg.
